The following is an examiner's statement of reasons for allowance: The amendment, eliminating the open language, does not permit the presence of an other flame retardant, and since the physical characteristics of the blend decline if a non-phosphazene flame retardant is used, the use of applicants graft polymerization system is not obvious anymore, only obvious to try.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
